

PT. MAKMURINDO PRATAMA

# General Part Supplier and High Precision Machining Solutions Automation Services

## General Part Supplier

**PT. Makmurindo Pratama** offering reliable products and services in the broad industrial marketplace. We are dedicated to fully meeting your demands for industrial tools and products of the highest quality from the brands you know and trust, backed by unsurpassed customer service.

- Adhesive & Sealants
- Bearings
- Electrical
- General Industrial Products
- Hydraulics
- Hand, Power & Analytical Tools
- Industrial Hose & Fittings
- Linear Motion
- Lubrication Products & Equipment
- Material Handling
- Motors & Control
- Pneumatics
- Power Transmission
- Safety Products

**OMRON**

**FESTO**

**KEYENCE**

**SIEMENS**

**MISUMI**

**SMC**

**IKO**

**THK**  
The Mark of Linear Motion

**NTN**  
BEARINGS

SEEKA

**TAKEX**

## High Precision Machining Solutions

**PT. Makmurindo Pratama** manufacture precision machining parts in a wide variety of materials including all grades of stainless steel, tungsten carbide, titanium, tantalum, hastelloy and other temperature resistant metal alloys.

### High Precision Tooling

### Jig & Fixtures

### Automation Design & Fabrication

### Trim and Form

### Carbide Tooling

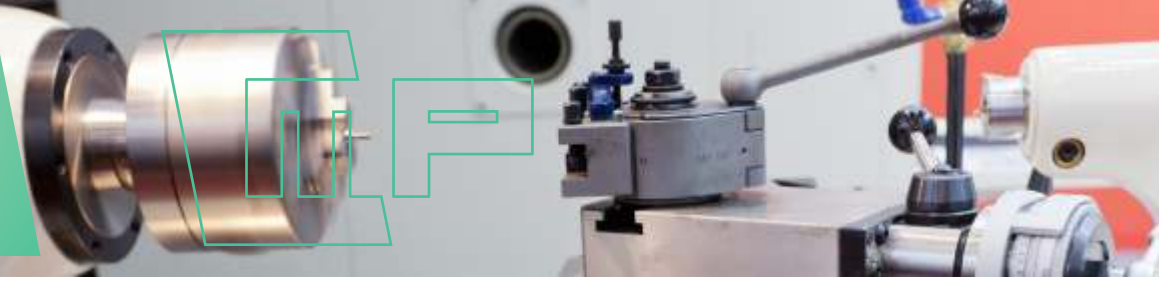

### Nozle Part

### Electrode Part

## Our Machines

To serve our customer requirement, we have various high precision equipments.

- CNC Milling FOCA SEIKI Pm860
- EDM CREATOR-CJ431
- Grinding SEEDTEC 1020
- Grinding AKAMOTO Acc 350 II
- Grinding AKAMOTO 350 DX
- Super Drill OMEGA - CM 500
- Wire Cut SODIK - MARK 25
- Milling LAGUN FTV-1S (2 Mc)
- Milling LAGUN GMV 1
- Lathe LEBROND MAKINO AO 8441
- Lathe CY-L1460G
- Compressor ABAC
- Compressor KRISBOW

## Measurement Tools

To maintain quality and customer satisfaction, we have the following accurately measuring tools :

- Profile Projector Mitutoyo-PH 3500
- Slide Guide
- Digital Micrometer
- Digital Caliper
- Granit Table

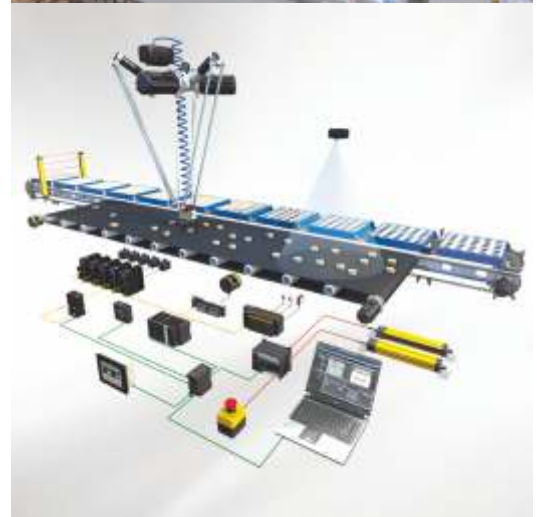

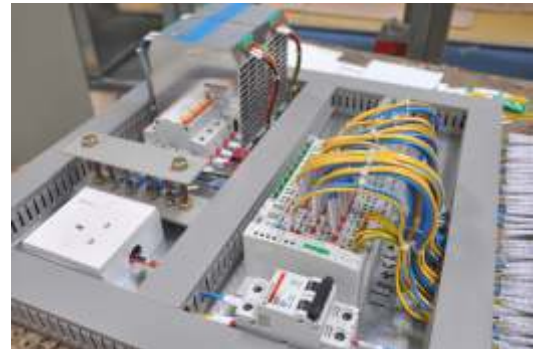

## Automation Services

PT. Makmurindo Pratama provides manufacturing automation and system integration services for industry. We program automation controllers including PLCs (Programmable Logic Controllers), PACs (Programmable Automation Controllers) and their corresponding interfaces (HMIs). We program and configure automation equipment including Motion Controllers (motors, servos), robots, machine vision cameras, and other measurement equipment.

PT. Makmurindo Pratama's industrial service offerings include interfacing factory lines with intelligent systems, such as recipe management systems, reporting and productivity monitoring systems, databases, PC and web applications, and MES (Manufacturing Execution Systems).

We work on many different software and hardware platforms and have several platform specific certifications.

## Sector Served

Machining solutions for major industry sectors :

- Oil and Gas Industries
- Shipyard Industries
- Electronics Manufacturing
- Semiconductor Industries
- Food, Dairy and Beverage Industries
- Textile Manufacturing
- Automotive and Transportation
- Printing and Packaging
- Telecommunication
